Police Of Two States Seek Prisoner Who Eluded Sheriff At Jail Door Here Thursday

State and borough police in two states today pushed the search for William Francis Swope, 23, Emmitsburg, who escaped from Sheriff Dorsey J. Schultz Thursday afternoon at 3 o'clock as he was about to be placed in the Adams county jail.

Swope was arrested on a warrant for contempt of court by the sheriff Thursday afternoon at the Fairfield Shoe company plant where Swope was employed.

The contempt charge is based on failure by Swope to make payments on a court order for support of a child. Sheriff Schultz said today that Swope had previously been arrested and served some time for failure to keep up the payments as ordered by the court.

Makes Dash Across Fields

When the sheriff's car arrived at the jail, Sheriff Schultz got out of the driver's side and walked to the front of the car awaiting for Swope to get out his side of the vehicle. Deputy Sheriff James G. Warren was holding the front door of the jail open for Swope and Schultz to enter.

At that moment Swope yelled something that sounded to the sheriff like "D--- if you'll put me in there," and started to run. Pursued by the sheriff afoot, and Warren, who leaped into the car with the hope of getting ahead of Swope and stopping him, the escaped prisoner dashed toward the county home.

The sheriff and Swope ran across the field and Swope crossed the Harrisburg road before Warren arrived in the car, hoping to head him off.

Lost In Brush

Both continued in pursuit. The sheriff, losing ground to the speeding prisoner, saw him run across Rock creek and disappear in brush along the stream.

State police and borough police joined in the hunt for Swope which continued until after midnight. Both banks of Rock creek were combed, as was all surrounding area.

Teletype messages were sent out to Pennsylvania and Maryland state police. Police in Emmitsburg and other sections where Swope may have gone were notified.

Swope was described as having dark hair and a small, wispy mustache. He is dark complexioned with sharp features, is about five feet, 11 inches tall, and is slender. At the time of his escape he was wearing a white sport shirt, no hat, and blue trousers.

Would Ban Parking In Square Two Days

Borough council will be asked, at its next meeting, to prohibit parking in Lincoln Square two days in August for the proposed Gettysburg Sales Days sponsored by the Retail Merchants association.

A letter, forwarded to Burgess William G. Weaver for reading at the next council meeting, also asks that the streets be decorated and that they also be swept clean for this sales event.

The merchants' association also will ask that parking be prohibited and the meter removed from one parking space in front of the new public information booth on the square.

According to the association, large numbers of tourists are using the facilities of the information booth. Lack of parking space forces many to park double, the association said.

Brooks, who in 1950 was chosen agriculture's "Man of the Year," said that wherever cooperatives were functioning as democratic organizations, communism has little chance to succeed. He pointed out that farmers, as land owners, are capitalists and that the capitalistic system as we know it can succeed only so long as there are adherents to the belief that this system is

Ridgway Getting Orders On Cease-Fire Plan As Fighting Dwindles Along Korean Front

Tokyo, June 29 (AP)—The fighting war virtually disappeared from the Korean front today under a mounting wave of cease-fire talk.

A small, fierce fight raged throughout the afternoon for a single hill northwest of Yonchon on the western front. The ridge changed hands six times before Allied forces withdrew, leaving Communists still holding the hill.

Chinese Reds threw some small probing attacks at the center of the line.

Elsewhere ground action was confined to patrol activity. United Nations patrols screening the lower half of the "iron triangle" were turned back by heavy, though inaccurate fire.

Brief War Report

"The Chinese don't shoot unless we provoke them," one office commented. "They sit tight until we come in gun range, then they let loose."

The whole battlefront was like that. The U. S. Eighth Army took only 108 words Friday night to cover the entire ground action in the briefest communique it has issued this year.

There was more activity in the air. Propeller-driven U.N. Mustangs tangled Thursday with Red jets. One Russian-made jet was damaged, the Mustangs unhurt, Far East Air Forces said. Two American jets were shot down by ground fire.

Predicts War's End

On the ground a few hundred Reds struck in the early morning darkness Friday in the Kumhwa area. A series of earlier Chinese attacks in this same corner of the old "iron triangle" were beaten back during the night and daylight hours Thursday.

Communist radios at Pyongyang in Korea and Peiping in China ignored cease-fire talk. United Nations sources in Japan and Korea would not comment. But a spirit of optimism was apparent in U. S. Eighth Army headquarters.

Clarence Ryee, a South Korean government source, predicted the shooting war would stop within "the next few days."

Washington, June 28 (AP)—Gen. Matthew B. Ridgway is getting general instructions on negotiations of a cease-fire in Korea.

Robert A. Lovett, deputy secretary of defense, announced this officially today.

He told a news conference the instructions, being sent through the defense department, have the approval of President Truman and were developed by the national security council in discussions with the state department.

The council is the nation's top advisory body. It includes President Truman, Vice President Barkley, Secretary of State Acheson, Secretary of Defense Marshall, and the chairman of the national security resources board. The latter office is now vacant.

No Details Given

Lovett said the instructions gave Ridgway, the U.N. commander for Korea, authority to go ahead on certain lines. Lovett did not say what those lines are.

He said further that any terms for a cease-fire developed in a field conference of military representatives would have to be approved in Washington.

Lovett said he was personally uninformed as to whether the orders had actually reached Ridgway at the time of the news conference, beginning at 9:30 a.m. (EST).

But in response to a question as to "what has Ridgway been told," Lovett replied that Ridgway has or will have general instructions which have been worked out by the responsible agencies of the government here.

Expect Formal Bid

Asked whether any actual negotiations would be conducted by Ridgway or by Lt. Gen. James A. Van Fleet, the 8th Army commander in Korea, Lovett said he did not know.

It was understood the general thought was that Ridgway should make a formal bid for truce talks with the Communist command in Korea.

In London informed sources said the orders went out to Ridgway after the 16 United Nations with fighting forces in Korea agreed to accept Russia's proposals for starting truce talks.

BULLETINS

Tehran, Iran, June 29 (AP)—U.S. Ambassador Henry F. Grady appealed anew to Premier Mohammed Mossadegh today for concessions that would insure the flow of oil to the west from the world's largest refinery at Abadan.

Grady talked for 90 minutes with Mossadegh, then told newsmen that chances for easing Iran's oil crisis "don't look too bright" despite Mossadegh's promise to suspend anti-sabotage legislation opposed by the British. But British officials, with the refinery under the guns of one of their cruisers, appeared more hopeful.

Assemblyman Pitzer Stirs Ire Of Philadelphians Over Bill

Adams county's representative in the State Assembly is becoming as well known in Philadelphia as he is locally.

The matter that projected H. Earl Pitzer, of Aspers, into prominence in Philadelphia is a bill introduced by him in the state legislature which provides that no public employe can be ordered to stay out of politics unless the non-political aspect of the job is spelled out in the law.

Pitzer entered the bill because it is his opinion that everyone should have a right to take part in politics, whether they are on the public payroll or in private industry.

The next thing he knew he was in the middle of a Philadelphia battle.

The teapot tempest broke loose about Pitzer's head because of a rule by Judge Boyle in Philadelphia in December 1949 which prohibited 300 Philadelphia Municipal court employes from acting as committeemen for the GOP in Philadelphia.

Assemblyman Pitzer, who said he knows as little about Philadelphia's municipal court as most other people in Adams county, is learning fast about Philadelphia politics since he introduced his bill. What hurts him most, he adds, is being called a stooge of the Philadelphia GOP when all he knows about the Philadelphia GOP is that they are Republicans.

But the matter brought the county lots of good publicity. The Philadelphia Bulletin published an editorial noting that Adams county "is the place where Mr. Lincoln delivered a certain well-known speech. Second, it grows some fine apples."

In addition the Bulletin carried a lengthy story quoting Assemblyman Pitzer's surprise at being the middle of a Philadelphia fight.

The Bulletin editorial stated that "it would be quite in order for the Adams county representative to concern himself with apple spraying and let Philadelphia look after its own affairs."

Pitzer notes that that's what he thought he was doing, but Philadelphia got into the fight with him.

ZAHARIAS, BERG CO-FAVORITES

Reading, Pa., June 29 (AP)—That torrid twosome of petticoat putters—Babe Didrikson Zaharias and Patty Berg—were co-favorites today at the opening of the 54-hole Women's Eastern open.

The pair headed a field of 16 professionals and more than 30 amateurs teeing off shortly before noon in the 18-hole qualifying round of the three-day test at the Berkshire Country club.

The chunky Patty and the all-around Babe, top woman athlete of the half-century, have been grabbing off top money in most major tournaments this season. So far, Patty, from Minneapolis, holds the edge over the former Texas tomboy but the straight Berkshire fairways are made for the Babe's long wood shots.

The co-favorites tried out the 6,397-yard, par 72 course yesterday for the first time, each trying only a few shots per hole and calling it a day.

However, the field of the nation's top distaff golfers refused to concede Miss Berg and Mrs. Zaharias an edge in the three days of medal play.

Betty MacKinnon, a Dallas, Tex., pro, turned in an impressive two-under-par 72 in a practice round and called Berkshire her type of course. That's one stroke under the pace that won last year's Eastern open at Newton, Mass., for Miss Berg. Another highly-rated contender was Louise Suggs, former U. S. and British champion, who swept medalist honors at last week's Western open at Whitemarsh Country club near Philadelphia with a seven-under-par 68.

MATCH PLAY AT OAKMONT

Oakmont, Pa., June 29 (AP) — It was man against man, instead of man against Oakmont, as match play started today in the 33rd PGA championship.

Sixty-four of the nation's sharpest shotmakers survived yesterday's drama-draped qualifier—shooting 154 or better—to get into the title bracket, and they'll be whittled down to 16 in today's double round of 18-holers.

Practically all the predicted qualifiers made the grade, the major casualties being long-hitting Jimmy Thomson of Chicopee, Mass., who gave up after an opening 83; Roberto DeVicenzo, the Argentine champ, who manufactured a robust 80 and a 78; and Paul (Little Poison) Runyan, the two-time winner from Pasadena, Calif.

Runyan, who gave slammin' Sam Snead the worst beating of his career, 8 and 7, to win the 1938 championship, was one of five victims in a six-way playoff for the 64th qualifying spot. The berth went to Walter Ambo of Overland, Mo., who went birdie-birdie on the two extra holes of the sudden death playoff.

The first three-way tie for the medal in the classic's history popped up, with Pete Cooper of White Plains, N. Y.; Claude Harmon of Mamaroneck, N. Y., and Palm Beach, Fla.; and Dapper Lloyd Mangrum of Niles, Ill., deadlocking at 142, two under the card.

It was the first time Oakmont's vaunted par had been trampled over the 36-hole route in a national tournament. And Mangrum, with 71-71, is the only man ever to shoot two successive sub-par rounds over the 6,882-yard par 72 stretch of rolling, well-trapped terrain.

Cedar Of Lebanon Seedling Stolen

Lebanon, Pa., June 29 (AP)—A cedar of Lebanon seedling—one of the few such trees in the nation—was missing from a park in this central Pennsylvania community.

Morris Smith, caretaker of Memorial park, said the sapling, which stood in a wire enclosure, was pulled out by its roots.

The tiny cedar, only 14 inches high, is a rare offspring of the famed tall ones in the Holy Land which date back to Bibical times, officials said. It had been planted in Coleman Memorial park last Sunday in honor of Lebanon's servicemen.

He said there are only two other such trees in the United States—one at Pennsylvania State college and the other at the Lebanon embassy in Washington.

STOCKS PUSHED DOWN

New York, June 29 (AP)—Relentless but moderate selling pressure carried the stock market down today into new low territory for the year. There never was any spectacular activity, such as was witnessed yesterday in the final hour when the market established a new low for 1951 for the first time since early January. Today's fall penetrated deeper.

Action On Aid To Allies Urged

Washington, June 29 (AP)—Secretary of Defense Marshall, appealing to Congress to move "as quickly as possible" on military aid for the free nations, said today, "The build-up on the other side is rather ominous."

"Aside from the tragedy of the casualties, Korea is an incident in the world picture," Marshall soberly told the House foreign affairs committee.

He did not elaborate on the meaning of his terse assertion that there was an ominous "buildup" of forces among the Communist nations.

But only a few minutes earlier, Marshall had declared, "A crucial test of the success of the mutual security program must be met in western Europe."

The United States, he said, must expect to maintain for "at least" three more years a multi-billion dollar level of spending for foreign military aid.

Harrisburg, June 29 (AP) — The Public Utility Commission today authorized the Pittsburgh Railways company to abandon the Mt. Oliver incline plane, which has carried the city's hill top dwellers up and down a steep slope since 1872.

The commission said there was no opposition to tearing down the old transportation landmark. Company officials testified at a hearing that the incline plane lost from $10,000 to $16,000 a year during the past decade.

It is warmer to wear two thin garments than one thick one because the air between them serves as insulation.

On Wedding Trip

The bridal gown was of white satin, made with long fitted sleeves ending in gauntlet points over the hands, and a fitted bodice topped by flattering transparent nylon net with gathered nylon net yoke and shoulders trimmed with delicate pearl flowers. She carried a white prayer book with an orchid.

The gowns of the maid of honor, bridesmaids and junior bridesmaids were fashioned of marquisette and net over taffeta with full hoop skirts. Miss Bevenour's was Nile green. Miss Sheffers maize and the little Misses Staub both wore blue. Their headdresses, like the bride's, were in matching pastel hues, and they carried bouquets of spring flowers.

Moose To Play In District Playoffs; Protest Upheld; Map Plans For Tournament

The Moose team of the Gettysburg Softball association was chosen as the team to represent the local league in the district eliminations to be held in York July 6, 7 and 8, at a meeting of league officials Thursday evening at the Moose home on York street.

Although the Glenn L. Bream garage team is currently leading the league, that team announced through its manager, Glenn Hankey, that it would not participate.

The district eliminations are part of the state-wide program in connection with the state tournament to be held here August 17, 18 and 19.

Protest Upheld

A protest lodged by the Texas Lunch in a game played with the Moose was upheld by a unanimous vote of other team representatives. It was decided to have the game replayed from the point involving the protest play.

Other playing rules of the local league were discussed and clarified.

It was voted to erect a refreshment stand after President Johnny Knox revealed that permission had been granted by the Recreation board. A decision was also reached to buy two hot plates for use in the stand. It was also voted to purchase two dozen new bulbs for the lighting system.

Change Start Time

For the remainder of the season the first game each evening will start at 7:30 instead of 7:15, according to an old policy.

Announcement was also made that the road leading to the Recreation park has been oiled as a means of eliminating dust.

As a means of advertising the state tournament here in August it was voted to have 750 placards printed and distributed through the state.

Those present at the meeting included Carroll Smith, Adams Myers, Johnny Grenier, Eddie Shoop, Francis Knox, Robert Saylor, Glenn Hankey, Jack Taylor, Johnny Grinder, Glenn Raffensperger, Jack Hartman, Don Bream and President Knox.

Hanover Trotter Favorite Tonight

Westbury, N. Y., June 29 (AP)—Demon Hanover, which set a world record of 3:06 2/5 for the mile and one half last week, will be the favorite tonight in the final dash of the $10,000 David McConnell Trot at Roosevelt Raceway.

Ten of the nation's speediest trotters are in the mile and one half event, with Demon Hanover attempting to lower the record for the second time within a week.

Demon Hanover, owned by Harrison Hoyt of Bethel, Conn., won the 1948 Hambletonian. He took one division of the qualifying dash in the McConnell Trot last week. Try Hussey, winner of the second qualifying dash, is another main contender in the finals, along with Star's Pride, Aimee Scott, Madison Hanover, Silver Riddle, Roy S., Florican, Clever Boy and Lord Steward.

Sparkle Hanover, owned by Patricia Sheppard of Hanover, Pa., won the feature race last night, a one mile pace, in 2:06, and returned $6.40.

ARCHERS MAY HUNT FOR DEER

Harrisburg, June 29 (AP)—Bow and arrow hunters will be permitted to roam the length and breadth of Pennsylvania hunting deer under a new state law.

A measure authorizing the state Game Commission to fix dates for a special bow and arrow season apart from the regular deer season was signed yesterday by Gov. John S. Fine. Dates and length of the season, in addition to the type of deer that may be killed, will be fixed by the commission.

The archers, who claim their numbers are growing all the time, would pay an extra $2 fee in addition to the regular $3.15 hunting license fee to stalk deer.

Bow and arrow hunting of deer previously has been confined to two 1,000-acre tracts in Sullivan and Forest counties. It will now be permitted wherever deer is legally hunted.

The law restricts the archers' deer hunting to use the traditional long bow with no mechanical aids. It bans the use of explosive tips on arrows.

Sports Roundup

By HUGH FULLERTON, JR.

Oakmont, Pa., June 29 (AP)—Henry Williams, Jr., is a big, moon-faced guy with spectacles and a touch of sunburn. . . . He surprised a lot of people when he went to the finals of the PGA championship last summer. . . . He wasn't known to followers of the tournament golf circuit; he hadn't done much on his rare appearances there and he doesn't look like a finely-trained athlete. . . . In fact, he isn't. Henry will tell you he's just a stay-at-home club pro. . . . "I can't afford to play tournament golf," Williams explains. . . . "It takes too much money just to live and travel the circuit. I have a family to support." . . . But the PGA is something different; it's his big outing of the year and he's done pretty well in the event for several years.

FAMILY PARTY

"I like this tournament," Henry remarked after posting a pair of comfortably low scores for the qualifying rounds. "A club pro has a chance to win here. . . . I don't play enough to be consistent for four rounds, but in match play you can make a couple of bad shots and you just lose a hole and go on." . . . He glanced out at the rolling Oakmont course at some of the holes he might win or lose in the next few days and went on. . . . "Played pretty good for that 74 today. Wasn't putting too well. . . . That front nine out there is where most matches will be won. . . . Those three par-fives give you a chance to pick up birdies and win a few holes. . . . The backside, I think, plays about two strokes harder."

TWO SIDES TO EVERYTHING

Like a golf course, the PGA has two sides. . . . The "front" is the touring pro troupe that wins most of the tournaments and grabs the headlines and big dough. . . . The "backside" is composed of the stay-at-homes like Williams, who pay their dues to support the big organization and, in the long run, operate it to suit themselves. . . . The playing pros would like a streamlined medal tournament and they're sometimes loud in their criticism when a lot of "name" players are knocked out in the first round or two. . . . Sometimes the sponsors who put up $45,000 for the PGA championship yelp for the same reason. . . . But you notice it's still mostly match play—a club pro has a chance to win.

Four Americans Stay At Wimbledon

Wimbledon, England, June 29 (AP)—Seven of the 10 seeded players, 10 nations and five continents were represented in the Wimbledon tennis championship as the tournament entered the round of 16 today.

After three rounds of play, the United States heads the list with four survivors from the starting field of 128 players. The remainder includes two Australians, two Frenchmen, two Swedes, one Italian, one Dutchman, one South African, one Brazilian, one Englishman and one Hungarian—the only contender from an iron curtain country.

American champion Art Larsen of San Leandro, Calif., his runner-up Herbie Flam of Beverly Hills, Calif., Dick Savitt of Orange, N. J., and 17-year-old Hamilton Richardson, of Baton Rouge, La., are the remaining Americans.

LOCALS TO PLAY AT BRUSHTOWN; 2 TEAMS DROP FROM M-D LOOP

Whether Gettysburg will gain a first division spot and ultimate playoff position in the South Penn Baseball league will depend greatly on the outcome of its game with Brushtown on the latter's field Sunday afternoon.

Coach Rogers Herr's local team has been stepping at a lively pace and has high hopes of upsetting the strong Brushtown team. Don Emert, who played with Barlow last season, is expected to make his first appearance of the season with the locals on Sunday.

Other South Penn games Sunday are Greenmount at Hunterstown, Barlow at Green Springs, and Granite at Bonneauville.

The league has no regular season games carded on July 4 but will stage an all-star game that day at Brushtown as a benefit for injured players.

In the Penn-Adams league Bendersville will play at Mummasburg, and Heidlersburg at Wenksville on Sunday.

Sunday's program in the Pen-Mar circuit follows: Cashtown at Emmitsburg, Fairfield at McSherrystown, Taneytown at Littlestown, and Westminster at Thurmont. On July 4 the following games will be staged: Emmitsburg at Fairfield, Thurmont at Cashtown, Littlestown at Westminster, and Taneytown at Westminster.

Announcement has been made that in addition to Taneytown, New Windsor has dropped out of the Mason-Dixon Junior Baseball league. As a result the Gettysburg Eagles will be without a game Saturday, having been scheduled to go to New Windsor. The Hanover Legion is listed to be host to Littlestown Saturday.

It is the belief of several league officials that a meeting will be held in the near future and the Mason-Dixon loop reorganized by the four remaining teams.

TEAM TO PRACTICE

The Gettysburg Eagles team of the Mason-Dixon Junior Baseball league will practice next Monday and Friday evening at 6 o'clock on the Recreation diamond. Manager Paul Oyler requests all members of the squad to be present for both workouts.

FRANK HILLER BEATS CARDS; YANKEES WIN

By JACK HAND
(Associated Press Sports Writer)

Frank Hiller, a Yankee who got away, is the new glamor by pitcher of the majors after his brilliant one-hitter for the Chicago Cubs.

Hiller faced only 27 St. Louis Cardinals last night, walking lead-off man Tommy Glaviano in the first and allowing a single to Enos Slaughter in the fifth. Both were erased on double plays.

The Cubs backed up Frankie Boy with a generous 12-hit attack on Gerry Staley and Al Brazle for an 8-0 win.

Hiller's sparkler, however, didn't have as much effect on the National league race as Monte Irvin's two home runs for New York's 5-4 edge over the leading Brooklyn Dodgers.

Clip Dodger Lead

Irvin hit Nos. 11 and 12 off Ralph Branca to clip the Dodgers' lead to five games. Branca took a 4-2 edge into the eighth, thanks to a leaky four-error defense by the Giant infield. Don Mueller's single and a bunt single by Whitey Lockman set it up for Irvin to blast Branca's first pitch deep into the upper left field seats for his second home of the game.

The National league staged another of its "dawn" games, due to rain interruptions at Cincinnati where the Pittsburgh Pirates finally edged the Reds, 7-5, in a game ending at 12:39 a.m. (EST).

The Pirates got away on top had a 7-1 lead after six innings. It barely last. Rain held up the game three times—for 44 minutes in the first inning, 52 minutes in the third and 25 minutes in the ninth.

Yanks Shut Out Senators

Cincy had the tying runs on base with two out and 3-2 on Johnny Wryostek when time was called in the last inning. When they resumed, Wryostek fouled out to end the game.

Eddie Sawyer's efforts to shake the Phillies out of their day dreams by banishing Mike Goliat to Baltimore apparently worked in a 3-2 win over Boston in 10 innings. Tommy Brown, Goliat's replacement, scored from second on a force out when Roy Hartsfield threw wild to the plate in the 10th.

Casey Stengel needed two pitchers—Tom Morgan and Joe Ostrowski—to shut out Washington, 3-0, as the Yankees reduced idle Chicago's American league lead to one half game. The White Sox's scheduled day game with Detroit was washed out after half an inning.

St. Louis, Cleveland, Boston and Philadelphia were not scheduled.

Interstate League

(By The Associated Press)

The Allentown Cardinals have won eight ball games in a row and now have a comfortable hold on second berth in the Interstate league, but they'd like to narrow that distance to top place.

The Cards find it hard to improve on their three-games-behind standing because the front-running Hagerstown Braves also have winning ways.

Allentown defeated the York White Roses 6 to 1 last night behind the five-hit pitching of Dave Manier.

In the tilt between Hagerstown and Lancaster's Red Roses it was nip and tuck until the ninth inning when the Braves rallied for four runs and a 9 to 5 victory. The explosion came after two men were out.

The Harrisburg Senators came out of a three-game losing slump, whacking the Wilmington Blue Rocks 10 to 3. Jim Freeman held the Rocks to four hits.

The Sunbury Giants beat the Salisbury Athletics 11 to 6. Rudy Yandoli posted his ninth mound victory of the season. Barney Barnholdt, Giants outfielder, slammed a two-run homer in the eighth inning.

Tonight's games: Sunbury at Salisbury, Harrisburg at Wilmington, Hagerstown at Lancaster and York at Allentown.

Tennessee is bounded by eight states.

THE BEST NEVER TOO GOOD

The earlier civilizations handed down to us a precious heritage—that of doing a thing well if it was worth doing at all. They took time to perfect their arts, the creators putting themselves into what they did. Some of the things they did, or created, have never been duplicated by modern genius.

The formula of many a color or design, or its secret composition, was buried with its creator. The great American orator Wendell Phillips went into detail in explaining this fact in his famous lecture called "The Lost Arts." The good and best live!

John Ruskin once said: "Beautiful forms and compositions are not made by chance, nor can they ever in any material be made at small expense. A composition for cheapness, and not for excellence of workmanship, is the most frequent and certain cause for the rapid decay and entire destruction of arts and manufacture."

The best has character and long life built within it and wrapped around it. It is the cheapest purchase in the long run, no matter what that article or purchase may be. Quality and workmanship are always outstanding. The simpler the construction the longer is its life. Often the cheapest is the dearest. The best is never too good!

In the matter of clothes this thing of quality holds true to a marked degree. Indeed, in the purchase of anything, the best will always give you a sense of pride in its ownership, whether it be a suit of clothes, a pair of shoes, a fountain pen, an automobile, or a fine example of old furniture

There are no modern designs and workmanship in rugs, furniture, and tapestries to compare with those of years ago. Many of our loveliest oriental rugs and tapestries were the product of a lifetime of labor, often an entire family contributing. Every bit of color and wool touched with love and pride. Decades of beauty and usefulness lie bound with the best. Such things are lifelong investments.

Tomorrow Mr. Adams will talk on the subject: "Faith—Plus."

PRANKSTER MEMORY

I sometimes think my memory
Takes great delight from teasing me,
And hides in corners of the mind
The names I want but cannot find.

It is a prankster that enjoys
A trick that humbles and annoys.
A friend approaches. To my shame
My memory won't give up his name.

"I'm glad to see you," I will say,
But after he has gone away
Perplexed and bothered I will be
By vainly wondering: "Who is he?"

That night until asleep I fall
His name I'll struggle to recall
Then memory with exultant tones,
Laughing, says: "The name is Jones."

DEATH PENALTY FOR HOMEYER

Tunkhannock, Pa., June 29 (AP) — Charles E. Homeyer, who wooed middle aged women by lonely hearts mail, has been convicted of slaying his fifth wife.

After some eight hours deliberation, a jury of four women and eight men last night returned a verdict of guilty of first degree murder, and recommended the death penalty.

Homeyer, 54 years old yesterday, heard the verdict with slight display of emotion. His mouth twitched and his hands trembled a bit—no more than that. At the climax of one of the most sensational murder trials in northeastern Pennsylvania's history he merely stared woodenly at the jury which condemned him to the eletric chair.

Davis R. Hobbs, chief defense counsel, said an appeal for a new trial probably will be filed, but did not indicate on what grounds. Judge Edward P. Little set no date for formal sentencing.

Homeyer, a stocky man with thinning hair, was accused of killing Anna Snellman Homeyer at their nearby Factoryville home in March, 1950. Mrs. Homeyer, a native of Germany and one time circus performer, was nearly 15 years older than her husband. The state charged Homeyer slew her to get her money and because he coveted another woman.

But the man who married six times and, in the state allegation, beguiled many other women through lonely hearts letters, offered this defense: That Anna Homeyer died from an overdose of sleeping tablets and that in panic he hacked her body to pieces, burned some of the parts and buried the rest.

Homeyer was arrested in a tourist camp near Los Angeles last spring. He was then living with his sixth wife, 42 years old, who told police she was shattered by the blow, for she had esteemed Homeyer an ideal mate.

FRYERS—3¼ pounds, 25—33c., few best, 34c.

ROASTERS—4-4½ pounds, 36—37c.

HENS—Heavy type, 37—38c., few low as 36c.; light type, 28—29c.

Baltimore Livestock

CATTLE—Slaughter cattle continued to be offered in small volume this week and coupled with a smaller movement of stock cattl the salable receipts at the Union Stockyards dipped to the smallest four-day count in three weeks. Run estimated at 1,550 for the week to date was 28 per cent smaller than the count of the same period a week ago and 35 per cent short of the count for the corresponding week in 1950. Count of 450 was further swelled by about 200 held from earlier in the week.

Included in the salable supply was the equivalent of three loads of slaughter steers, a load of mixed steers and heifers and four loads of stock cattle. Trading was slow in practically all departments and was somewhat retarded by higher asking prices.

Small supply of slaughter steers consisted mainly of mixed lots of good and choice offerings that sold about steady with earlier in the week. An individual prime 1,070-pound steer topped the day's trade at $37.50. Most of the mixed lots of good and choice offerings scaled 870-1,092 pounds, $33.50—36. A short load of choice and prime mixed yearlings, 788 pounds, $36.40.

Heifers again offered in relatively small supply. Receipts made up largely of utility and commercial offerings, $24—28; odd head and scattered small lots of good and choice heifers, $30—40.

Cows met the broadest demand of any class of cattle and canners and cutters led the others. Prices strong to as much as 50c. higher price while other grades showed little net change. Few commercial cows, $28—29. Most of utility cows, $25—28; canners, down to $18, and sometimes below.

Little net change was observed in the selling level for bulls compared with earlier in the week. An individual choice 1,520-pound beef bull topped the day's trade at $34, an da good grade animal, $32.20. Most of commercial offerings going for sausage use, $28—32; utility, $25—27.50.

Medium and good grade stockers, feeders and stock calves formed the bulk of the small supply on offer in the replacement cattle division. Trading was slow but prices were about in line with those of earlier in the week. Scattered small lots and odd head of all three classes, $30.50—36.

CALVES—A fairly broad inquiry was noted early for choice and prime vealers but the outlet for other grades was narrow with several buyers reporting their plants unable to buy due to quota restrictions. Trading as a whole was rather slow throughout the session but prices showed little net change and a broad clearance was in prospect shortly after the noon hour. Choice and prime vealers, $38—41, top $41. Commercial and good grade, $33—38 but odd head lots of mostly commercial kinds, $30; cull and utility, $20—30 with only odd head of mostly under 75-pound culls noted below the $20 mark.

SHEEP — Bulk of small supply in the sheep department consisted of choice and prime grade spring lambs. Outlet narrow as most buyers reported quotas filled and therefore unable to make purchases. Early sales were made on a steady basis compared with earlier in the week but sales made in closing rounds reflected a general $1 decline. Bulk of supply 70-87 pounds, $34—35. Latter price top early but little bettered $34 late. Small lot of choice 97-pound, $33. Ewes practically absent and nominally steady with quotations from $15.

Dramatic Re-dedication Of Independence Next Week Is Event Of Deep Significance

Philadelphia, June 29 (AP)—History spins backward 175 years this July 4 in a dramatic re-declaration of independence.

It will be an elaborate birthday jubilee, with pageantry true in every detail, portraying the beginning of the American dream. And the stage for much of this naturally is Independence Hall, which houses the famed Liberty Bell and holds memories sacred to patriots.

The Declaration of Independence was born in this historic city, a great milestone in the country's fight for freedom in the days of George Washington, Benjamin Franklin and Thomas Jefferson.

Now it is being dedicated anew, in four full festival days next week, to an even wider concept of democracy—a world set free, delivered from all forms of tyranny. To Americans, torn by the anxieties of the times, this special observance has deep significance.

Philadelphia is not alone in honoring the colonial fathers. In hundreds of other cities, including Gettysburg, similar celebrations are in the making, all patterned as a tribute to these unforgettable words: "That all men are created equal; that they are endowed by their creator with certain unalienable rights; that among these are life, liberty and the pursuit of happiness."

Months In Making

The Philadelphia planners, who have spent months perfecting the program, speak of this as the 175th "homecoming" anniversary—for high public officials, leaders in religion and education, men of the armed services, and for the millions of plain people.

It was hoped that President Truman could be here one of the big days. Instead, he will address the nation from Washington on the Fourth.

Vice President Barkley is expected to attend. So are U. S. Supreme Court justices, cabinet members, many congressmen and representatives of foreign governments.

The gala program opens Sunday with "Freedom of Religion" services in the 1,600 churches in the Philadelphia area.

Associate Supreme Court Justice Tom C. Clark and Gen. Frank A. Howley, former U.S. commandant in Berlin, will participate in the dedication of "Hallowed Earth" at Independence square.

Governors Tour Shrines

Also on Sunday the governors of the 13 states will tour the Colonial-Revolutionary War shrines. These include the Betsy Ross house, where the first American flag was made, and the Friends (Quakers) Meeting house.

The building in which Jefferson wrote the Declaration of Independence was torn down more than a century ago. A hot dog stand is on the original site.

Monday is "Women's and Youth Freedom Day." Highlights will be the opening of the Independence Hall postoffice for special mailing, and the taking over—for the day only—of the city government by local youths.

A Youth Freedom rally will be held at University of Pennsylvania's Franklin Field where the Battle of Germantown will be re-enacted. In the evening Pennsylvania's Governor John S. Fine will entertain the 13 governors at a dinner. A. Averell Harriman, advisor to President Truman, and Francis Cardinal Spellman, archbishop of New York, will speak.

Parade On Tuesday

A four-hour Freedom parade is Tuesday's main attraction.

Then comes the Fourth—Independence Day.

Religious services will be held in Old Christ church, then the token meetings in Independence Hall. The finale will be a pageant depicting events leading to adoption and signing of the Declaration. Senator James H. Duff (R.-Pa.) will speak.

The Anniversary committee urges every American to share in the re-declaration, no matter where he is.

"These times, that try men's souls as they were tried in 1776, cry out for such a re-declaration," a spokesman said.

Sees Politics In Truman Tax Demand

Washington, June 29 (AP)—Senator Taft (R.-Ohio) said today he has a "suspicion" the administration is seeking a big tax hike this year to avoid having to ask for another one just before the 1952 elections.

Taft's comment to newsmen — he emphasized it was only a suspicion —was just one of several indications President Truman's tax proposals are in for rough sledding in the Senate.

Elmer B. Staats, assistant budget director, was invited before the Senate Finance committee today to renew the administration plea for a $10,000,000,000 tax boost.

This would be $3,000,000,000 more than the House approved. The $7,200,000,000 House measure was the biggest single revenue bill ever voted on Capitol Hill, but Secretary of the Treasury Snyder urged yesterday that it be upped to about $10,000,000,000. One Democratic Finance committee member who asked not to be quoted by name said he knew of no sentiment in the group for a $10,000,000,000 tax hike.

Atlanta, June 29 (AP)—A rainstorm hit Atlanta yesterday and J. N. Clements, 67, did what anyone else would do when he stepped off a trolley—he dashed for shelter.

They dried him off at Grady hospital—and patched up cuts and bruises on his face, left arm and leg. E. J. Goldstein, superintendent of a department store, said Clements crashed through a plate glass window of the store in his dash.

Where Have You Been all its Life?

THIS ad is addressed to the fellow known as "the man on the street."

From that vantage point, you must have noticed that a lot of folks are driving 1951 Buicks.

You must have noted that you can spot one of these beauties—by its sparkling forefront—its gleaming fender ports—(three for the SPECIAL and SUPER, four for the ROADMASTER)—and by its fluent grace of lines and contours.

You've probably noticed, also, that these Buicks give a good account of themselves in traffic—ease to a gentle stop—get away to a nimble start when the light says, "Go."

You may even have noticed that these cars have a level-gaited stride that traces, as we've said before, to the fact that each wheel rides beneath its own coil spring.

But what we'd like to know is—when are you going to try one?

It's about time you climbed in the driver's seat.

It's about time that you sensed for yourself the thrill that comes from feeling your shoulders sink back in the cushions, when your toe gives the gas treadle a gentle nudge.

It's about time for you to be on the receiving end of those admiring glances which are the due of folks smart enough to pick the smart buy of the year.

What's holding you back? It can't be prices—for as you can see for yourself, you can own a SPECIAL for less than the price of some sixes —and SUPERS or ROADMASTERS are just as smart a buy in their fields.

So why not end the suspense? The welcome mat is out at our showrooms. We hope to greet you soon.

Farmers Get Credit

Brooks has made many trips to Europe, on one of which he investigated the report that Yugoslavia made its first break with Russia because of the pressures exerted by farmers on Tito.

"That's true," Brooks asserted. "The farmers knew that under Russian domination they would lose their land and their freedom and to retain control of the land, 900,000 farmers forced Tito to take a stand against Russia."

Prolonged Session Nets Complications

Harrisburg, June 29 (AP)—The prolonged session of the 1951 Legislature is giving lawmakers a double headache—a possible housing shortage and dwindling personal finances.

A prior commitment by local hotels has already forced the General Assembly to recess a full week to provide rooms for a convention. Similar difficulties are expected if the Legislature continues into September.

Also, many lawmakers are hard-pressed financially since they won't get their final legislative pay checks until the Assembly gavel falls for the last time.

The lawmakers get paid in six installments of $500 each. Five of the payments are made the first of each month the Assembly is in session and the sixth when the session ends. The lawmakers received their fifth pay check on May 1 and consequently must wait for their final $500 until the session ends. This is causing a hardship for many. This will be alleviated somewhat however when they get their semi-annual expense checks on July 1. A bill is now in the governor's hands which would boost such payments from $600 to $900.

New York, June 29 (AP) — Three men who pleaded guilty to a part in the theft of $130,000 worth of woolen goods in interstate shipment last October were sentenced yesterday by Federal Judge Sylvester J. Ryan.

Nathan Weiss, 37, of Elmont, N. Y., was sentenced to three years in prison, to be followed by five years on probation. His brother, Morton Weiss, 31, of Brooklyn, was placed on probation for five years, and Martin Joseph Sussman, 21, of Allentown, Pa., was sentenced to 18 months and five years on probation.

Sunday School Lesson

By

Rev. Dr. Howard R. and Margaret C. Gold

THE WORTH OF THE INDIVIDUAL

Matthew 8:1-4; 18:1-6, 12-14

Memory selection: For thou has made him little lower than the angels, and crownest him with glory and honor. Psalm 8:5.

With this lesson we begin a series of 14 on "Christian Teaching on Human Relations." These studies will take us into many areas of thought concerning practical living as Christians. It is well for us to begin with a consideration of the place and value of the individual. This is particularly essential since on every hand persons are massed together in our thinking and action, and often individuality is submerged, or lost altogether.

In speaking of man, the Psalmist declares, "For thou hast made him a little lower than the angels." That is to say, as the Bible teaches, that man was made in God's image. This gives man worth, and his life meaning of the highest order. Jesus emphasizes this in many ways. Here we have three specific illustrations.

Meeting Human Needs

At a certain point in His first preaching tour in Galilee, Jesus was followed by a "great multitude." But His interest was fixed on a most pitiful individual in that crowd—a leper. He was the victim of a dreaded disease, which was both loathsome and incurable. The man so afflicted showed the quality which Jesus required before He performed a miracle. "If thou wilt, thou canst make me clean." There the unqualified faith of the leper was expressed, and promptly by the touch of the hand the Great Physician healed the sufferer. Two things need to be emphasized: to Jesus in that moment the individual welfare was of first importance; and his physical needs were cared for. Jesus came to give life, and in abundance, to man. And that included physical well-being. The Son of God used His divine power, and His mercy for a sufferer of a dread ailment.

A Child As Example

Jesus used an individual—a child—to teach the lesson of humility. In it He rebuked the unworthy ambition of some of His disciples. "Who is the greatest in the kingdom of heaven" was the question that engaged His followers. They had not yet caught the real meaning of the kingdom He was preaching. So He taught by illustration. It was perhaps in Peter's house that He pointed to a little child as one who exemplified the virtues of character which entitled one to citizenship in the kingdom: the trust and confidence of a child; the humility a little one displays. And so important is "one of these little ones" that he who offends him should lose his life. Many thoughts can be derived from this lesson on humility. A leading one is that the care of children should occupy the attention of all who earnestly seek to know the character of Christ's Kingdom

(Continued on Page 12)

Did you ever pause to listen to the voice of God? We hear it every day, wherever we may be.

In the whispering of tall trees . . . the music of rushing brooks . . . the songs of the birds . . . the gay laughter of happy children . . . we hear the voice of the Great Creator. Through his infinite grace a bird is enabled to serenade his mate, a tiny cricket chirps its faint refrain. God is the Bringer of all blessings to man and beast alike.

Let us give thanks to Him who has so enriched our lives. Open church doors beckon all over our land. Let us seek the House of the Lord, and enter in to pay Him homage. Here through prayer and humility, let us re-dedicate ourselves to His service and glorification.

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

ATTENDANCE AT PLAYGROUND IS MOVING UPWARD

There has been an increase in attendance at the daily programs being conducted through the summer recreation schedule on the Littlestown playground. The annual program began on Monday morning and varied entertainment has been offered throughout the week, under the supervision of Mrs. Kay Crouse Sentz and Clayton L. Evans, of the high school faculty. The morning session from 9:30 to 11:30 o'clock for children up to ten years of age included an apparatus period, during which time the children used the swings, see-saws, Maypoles, sliding boards, jungle gym and other playground equipment, with a play session of activity and quiet games following. The younger children enjoy drawing and coloring pictures. One morning they cut pictures out of catalogues, pasted them on paper and composed a story about the picture. Some of the older children are now working on a complete story book made out of cut-outs.

In the afternoon the boys and girls of ten years and over have been working throughout the week on plaster of paris molds of various articles. A few of the youth are making flower vases out of canning jars, covered with a composition of flour and salt. Plans are being made to include a special event in the program next week for the older group. Bicycle tests will be given next week if a sufficient number of boys and girls over 12 years of age signify their interest in such an event. The tests have been issued by the Bicycle Institute of America and Miss Jean Wolfe and Miss Eleanor Bankert will assist Mrs. Sentz in giving the tests.

A girls' round-robin tennis tournament is now underway, due to the inclement weather it has not been completed. Upon completion another tourney may be arranged. Boys who are interested in organizing a tournament in this sport may do so by reporting to Mrs. Sentz by Monday. Tennis instruction will be given by the instructor on Monday evening from 6:30 to 8:30 o'clock for all boys and girls who are interested.

Organize For Softball

The organization of a midget softball team for boys from 8 to 12 years of age is well underway. A sufficient number of boys has shown interest in this sport by reporting for practices. The games will be played on Monday and Wednesday evenings from 6:30 to 8:30 o'clock under the supervision of Mr. Evans, on Littlestown Memorial field.

During the mornings throughout next week there will be softball games for the boys and story plays for the younger group. Story reading and telling will also take place. Definite plans have been made to conduct a "paper hunt" for children of all ages. Plans are being made to take a long walk or possibly hike out to a nearby woods. The afternoon activities next week will include the continuation of plaster of paris molds, games for the group, softball, making vases, and an additional project will be making cradles for dolls and making plaques. If any of the youth are interested in making inner-tube tops, that also will be added to the program.

Dancing will be held on Saturday evening from 9 until 12 midnight in the couples' grill room of Littlestown Aerie No. 2226, Fraternal Order of Eagles, West King street. Music for dancing will be provided by the Moonlight Melody Boys.

Drawing On Saturday

The Littlestown Baseball team and the Taneytown team, both of the Pen-Mar league, will meet at 2:30 o'clock on Sunday afternoon on Littlestown Memorial field.

The weekly Appreciation Day program will be conducted on Saturday evening at 8 o'clock in front of the Record shop, South Queen street. The jackpot for the drawing this week contains approximately $330, and the person whose coupon is drawn must be present to receive a certain percentage of the jackpot, as indicated on the coupon. The programs are sponsored by the Littlestown Chamber of Commerce, in cooperation with 23 of the local merchants.

Where Have You Been all its Life?

THIS ad is addressed to the fellow known as "the man on the street."

From that vantage point, you must have noticed that a lot of folks are driving 1951 Buicks.

You must have noted that you can spot one of these beauties—by its sparkling forefront—its gleaming fender ports—(three for the SPECIAL and SUPER, four for the ROADMASTER)—and by its fluent grace of lines and contours.

You've probably noticed, also, that these Buicks give a good account of themselves in traffic—ease to a gentle stop—get away to a nimble start when the light says, "Go."

You may even have noticed that these cars have a level-gaited stride that traces, as we've said before, to the fact that each wheel rides beneath its own coil spring.

But what we'd like to know is—when are you going to try one?

It's about time you climbed in the driver's seat.

It's about time that you sensed for yourself the thrill that comes from feeling your shoulders sink back in the cushions, when your toe gives the gas treadle a gentle nudge.

It's about time for you to be on the receiving end of those admiring glances which are the due of folks smart enough to pick the smart buy of the year.

What's holding you back? It can't be prices—for as you can see for yourself, you can own a SPECIAL for less than the price of some sixes—and SUPERS or ROADMASTERS are just as smart a buy in their fields.

So why not end the suspense? The welcome mat is out at our showrooms. We hope to greet you soon.

SLOT MACHINE OPERATOR HAS MANY FRIENDS

Washington, June 29 (AP)—A slot machine operator in Reading, Pa., says he knows plenty of police there and considers himself a friend of at least one Pennsylvania state policeman.

In a one-day session, the Senate crime committee yesterday heard Ralph S. Kreitz state he gave $800 to the chief of Reading's vice squad, Detective Lieut. Albert M. Hoffman, because Hoffman was ill and needed help.

Kreitz added he knew numerous other members of the Reading police force, and that District Attorney John E. Ruth of Berks county and Reading City Councilman J. Clinton Bach had been in his home as "social friends."

For 14 months Kreitz said his slot machines jangled without police interference, returning to him $60,000 and to the clubs $180,000.

Said Kreitz of Reading:

"Gambling is openly known, but nobody figures it's notorious."

Refuse To Answer

He was talkative but several others from Reading weren't.

Abraham Minker and Alex Fudeman, reputed gambling figures, refused to answer numerous questions of the Senate crime investigators. So did Isadore Minker, Abraham's brother.

Chairman O'Conor (D.-Md.) told reporters the committee would decide later whether to recommend to the Senate that Abraham Minker and Fudeman be cited for contempt of Congress. Conviction for contempt carries penalties ranging up to a year in jail and a $1,000 fine on each count.

The committee chose Raeding—a city of 110,000 population—in an attempt to show that interstate racketeers reach into the nation's smaller cities.

A Methodist minister, the Rev. James D. Mathette, testified gambling was rampant in Reading and civic and religious groups had become aroused over brazen gambling operations. Mr. Mathette said nobody has been able to get officials to stop it.

Kreitz described Reading as a "liberal" city where anyone who tried to crack down on gambling could not get elected to public office.

He said police "chased us out" late in May at the time Senate investigators began looking into the situation in Reading.

The state policeman he described as "a very good friend" was identified only as Sickel. Kreitz said Sickel once flew him to Florida to look at a lot he was thinking of buying. He didn't know who owned the plane, but he paid for the gasoline.

Sunday School Lesson

(Continued from Page 9)

on earth. It may be assumed that the offending disciples never forgot this illustrated teaching of Jesus.

The Lost Sheep

In the parable of the lost sheep Jesus again impresses the value He places on the individual. In several other ways, and often, He teaches this truth. He was not primarily concerned about numbers. In the parable a man possessing a hundred sheep might well have been satisfied that he had lost but one during the day's pasturing. Perhaps the one lost might have been a good riddance; for maybe it was always getting lost or into trouble. But that was not the way with Jesus. His compassion led Him to have a serious concern for all, and especially for the lost one. Consequently, the Good Shepherd spares no effort, and even risks His life while seeking the straying members of His flock. Indeed, He finally gives up His life while mercifully searching "to save that which was lost." A danger in the present day evangelizing movement is that too much stress is laid on numbers that confess Christ, and not sufficient concern for the "lost" and straying. It is well to remember that the rejoicing in heaven is over one sinner that repents, rather than over the ninety and nine that need no repentance. And this also—that forgiveness upon repentance is always granted by the Father for the sake of His Son, the Redeemer.

Questions

1. What is the theme for this quarter?
2. Why is a person important?
3. Who are Christ's chief concern?
4. How did Jesus use a child as example?

Answers

1. Christ and Human Relations.
2. Because he is made in God's image.
3. The lost and straying.
4. Of trust and humility.

SUBURBS TAKEN IN

Chicago (AP)—The 1951 Municipal Yearbook reports that 382 cities of 5,000 or more population annexed suburban property last year. That's a record. The city that took in most territory, nearly 23 square miles of it, was Albuquerque, N. M.

THE CRUCIAL QUESTION

Carlsbad, N. M. (AP)—Thousands of people pour into this southern New Mexico city every year to see the wonders of the famed Carlsbad Caverns. They keep guides hopping to answer their questions. The other day, someone decided to find out what question was asked most. It was: "where are the rest rooms?"

Pine trees are less likely to be struck by lightning because their resin interferes with their conducting of electricity.
